Super Sign Mart Wins Pink T-300 Welding Machine Auction to Support Breast Cancer Research

NAVARRE, OH November 7, 2010 -- Inspired by the courage and dedication of Stefanie Spielman and her fight against breast cancer, Miller Weldmaster embraced the challenge of fund raising for breast cancer research and the [Stefanie Spielman Fund](#) for Breast Cancer Research at The Ohio State University Comprehensive Cancer Center – Arthur G. James Cancer Hospital and Richard J. Solove Research Institute. In the fall of 2009, the associates of Miller Weldmaster developed a plan to build a special Pink T-300 Extreme welding machine to be auctioned off at the IFAI National Convention in October 2010, Breast Cancer Awareness Month.

The machine was completed in July and Miller Weldmaster began promoting the Machine and the Spielman Fund to the industry.

“We are so excited to be a part of this great cause” said Jeff Sponseller, Executive VP for Miller Weldmaster, “all net proceeds will be donated to the Spielmen Fund.”

The IFAI show concluded on October 29th with the high bid going to Todd Davis of Super Sign Mart in Ruston, LA.

“We’re super excited with our winning bid” said Todd Davis of Super Sign Mart, “the pink color is cool and it’s a great cause!”

Miller Weldmaster will present Super Sign Mart with their new machine and install it in November.
